ESPAÇOS COM ALMA

Spaces with soul
Espaces avec âme
有灵魂的空间

(PT)

Intensas ou suaves, neutras ou determinantes, as cores são a alma de um espaço, enchendo as formas de personalidade. Em espaços interiores a cor assume importância primordial na definição do ambiente que se pretende, despertando sensações visuais e emoções, e na percepção espacial, aproximando ou afastando paredes, ampliando ou tornando mais acolhedoras as áreas.

(EN)

Intense or soft, neutral or determinants, the colours are the soul of a space, filling the forms with personality. In interior spaces, the colour is of paramount importance in defining the environment that is intended, arousing visual sensations and emotions, and the perception of space, approaching or furthering apart walls, expanding or becoming more cozy areas.

(FR)

Intenses ou douces, neutres ou déterminantes, les couleurs sont l'âme d'un espace, apportant aux formes une personnalité. En espaces intérieurs, la couleur assume l'importance primordiale dans la définition de l'environnement que l'on prétend, réveillant les sensations visuelles et émotions, et pour la perception spatiale, approchant ou éloignant les murs, grandissant ou rendant les zones plus hospitalières.
